CABLE CHRONICLES.

Much Greater Damage than at First Reported by the Cyclone at Catania.

Chinese Troops Routed by the French at Kep—A Heavy Loss Sustained.

Twenty Persons Killed by Fire-Damp in a Moravian Mine—King Alfonso's Health.

OTHER FOREIGN INTELLIGENCE.

ROME, Oct. 10.—Harrowing details of the cyclone which prevailed in Catania, on the island of Sicily, Wednesday, have been received. Twenty-seven persons were killed and one hundred injured. There is great distress among the poor. Hundreds of houses were demolished in the Congo, Tondo and Givent quarters, and at Cibali and Ognina, suburbs of the city. Many summer mansions are in ruins. The damage amounts to 2,000,000 lire.

ROME, Oct. 10.—Later reports from Catania state that 400 persons were injured by the cyclone, and the damage will amount to 4,000,000 lire.

PARIS, Oct. 10.—General Negrier's column has had an engagement with six thousand Chinese, at the village of Kep. Toward evening the French cut off the enemy's retreat by way of the Chinese frontier, when the latter fled in the direction of Daoguan. The Kep redoubt was bravely defended, and was taken by the French at the point of the bayonet. The French lost twenty men and one officer. Fifty men and two officers were wounded. In the village alone the Chinese loss was six hundred.

PARIS, Oct. 10.—General Briere de L'Isle has telegraphed the Government confirming the report announced from Hanoi yesterday of an engagement between the French and Chinese in the valley of the Loo Chuan River, in Tonquin. The encounter took place on Monday. The Chinese were attempting to execute an offensive movement on the Upper Loo Chuan River. They lost 1,000 men. Captain Deynet, of the French Foreign Legion, was killed, and Lieutenant Bartelle wounded. General Negrier's column has gone up the Phulung River to cut off the retreat of the Chinese.

CAIRO, Oct. 10.—The Canadian contingent has reached Assiout, and goes to the front forthwith. Advices from Suakin state that the rebellion is increasing. Two fresh tribes have joined El Mehdi. Osman Digma has abandoned his attack upon Suakin, and is now engaged in massacreing women and children and stealing cattle belonging to the Ambara tribe.

LONDON, Oct. 10.—The Government of Cape Colony refuses to permit the local troops to undertake the suppression of the Boers in Becknanerland, as recommended to the Government by the English Cabinet. The Cape Colony Government, on the contrary, recommends that British troops, with volunteer auxiliaries, be employed for that purpose. Governor Robinson has again renewed upon the English Ministry the urgency that exists for the reinforcement of the Colonial Government forces. The tenor of advices from the Cape of Good Hope points to a probable civil war.

MADRID, Oct. 10.—There are renewals of the report that the health of Alfonso is in an alarming state. The different political groups are already discussing the question of a regency, and are divided in partisanship as to the claims of Queen Isabella and the Countess of Girgenti, ex-Princess of the Austrias. Members of the moderate and constitutional parties, headed by Senor Segasta, advocate the claims of Queen Isabella.

VIENNA, Oct. 10.—An explosion of fire-damp occurred in the mines at Ostran in Moravia, causing the death of twenty persons.

ST. PETERSBURG, Oct. 10.—The university at Kieff has been closed by the authorities, and will not reopen until January. One hundred and sixty-eight students have been arrested for alleged connection with the Nihilists. Three Socialist journals, which were suspended some time ago, are about to reappear.

MADRID, Oct. 10.—During the past twenty-four hours there have been two deaths from cholera reported in the Province of Alicante. The newspaper *Imparcial* states that it is informed on good authority that there have been seventeen cases of cholera and fourteen deaths in Barcelona since September 14. The Barcelona papers deny the truth of the statement.

ROME, Oct. 10.—Reports of the cholera in Italy during the past twenty-four hours show 145 fresh cases and 77 deaths, against 197 cases, and 97 deaths the preceding twenty-four hours.

The Passenger Rate War.

KANSAS CITY, Mo., Oct. 10.—The agents of the Alton, the Wabash, the Missouri Pacific and the Rock Island Roads last evening notified the Burlington that, commencing to-day, they will make the passenger rate to Chicago $13, first-class, meeting the cut which they allege has been made by the Burlington. The regular fare is $14.50. W. H. Firth, representative of the Burlington lines, asserts that they have not cut rates, but are prepared to meet any rates made by the other roads.

NEW YORK, Oct. 10.—Ticket scalpers are selling first-class tickets to Chicago by the Erie, Lackawanna and West Shore or by the Baltimore & Ohio lines at sixteen dollars, and second-class tickets at fourteen dollars. One prominent scalper said the cutting done is between Chicago and the Missouri River. His correspondent in Chicago is issuing tickets for Omaha and Kansas City at rates five dollars below those of Wednesday.

Small, but Full of Pluck.

ST. LOUIS, Oct. 10.—Mrs. Walls, a little woman, found a thief in her room in the St. James Hotel Thursday morning, and sending word by a friend for help, slipped into the apartment, locked the door, and threw the key through the transom. Then she took from the sneak the money and valuables he had appropriated, and when people from the office opened the door, handed him into their charge.

Cattle Quarantine.

OTTAWA, Ont., Oct. 10.—Application has been made to the Department of Customs asking that cattle from Ontario which pass through the United States to Emerson be allowed to go free of quarantine there. These requests have been refused.

Will Pay the Old Wages.

PITTSBURGH, Oct. 10.—The proposed reduction of 12½ per cent. in the wages of the employes of Oliver Brothers & Phillips has been withdrawn, and work in the mills will be resumed immediately at the old wages.

THE RAG MARKET.

The Government Embargo on Imported Rags and Its Effect on the Paper Trade—Prices Likely to Reach a High Point.

NEW YORK, Oct. 10.—"How has the cholera embargo on rags affected the paper market?" was said to the editor of the *Paper Trade Journal* yesterday. "The market is very strong. Prices were low, but they have advanced steadily in some grades since the embargo was laid. The lowest price touched in paper, such as is used by newspapers, was five and a half cents a pound, at which rate a contract for 100,000 reams was made by a Rose street publisher two weeks ago. Now the price is half a cent a pound higher, although not an ounce of rags will be used in making the paper. The rise in the price of rag-paper will divert the chemically-prepared wood-pulp to writing paper, and so even the cheapest grades must advance. A further advance of from ten to twenty per cent. would not surprise me much."

PHILADELPHIA, Pa., Oct. 10.—The paper trade is in a ruinous condition, caused by the Government embargo on the importation of foreign rags. The Eastern book-paper manufacturers have called a convention at Cleveland for the 15th of this month, to consider the condition of the market.

"The price of paper," said one of the largest manufacturers in the country yesterday, "is bound to go up, for to embargo rags from foreign ports is to cut down our supply just one-half. Before 1860 book-paper was fourteen to sixteen cents and news paper ten to eleven cents a pound. To-day book paper is seven to eight cents per pound and news paper five to six cents; and these goods are better now than then. Paper for a year past has been so low that only the best plants could hold their own, and rags have sometimes been so low that it was cheaper to burn them than to collect. This condition of affairs has made the publication of so many penny newspapers possible. If, as seems likely, the embargo is continued another year, it is evident that rags must advance twenty-five and perhaps one hundred per cent. Even before the effect is beginning to be acknowledged they have advanced thirty to fifty per cent. The paper-mills in this country have a short supply, and the domestic dealers have none on hand.

"By December 1 the 1,000 mills using 2,000 to 3,000 tons per day will have ground up all the rags in sight. The situation has been fully grasped by a few leading paper-makers, who have secured all the foreign stock, spot, and what is on the water.

"The writing-paper manufacturers agreed, at a meeting held in Boston October 6, to advance prices two cents per pound and maintain the rate. In a few days the book-paper manufacturers meet at Cleveland to combine and protect themselves from disaster."

GRANT'S VIEWS.

The Ex-President Advocates a Rather Novel Idea to the South American Commission.

NEW YORK, Oct. 10.—The South American Commercial Commission called on General Grant yesterday and listened to his views on an American-Mexican commercial treaty. After the commission had been entertained on that subject General Grant sprang a rather sensational idea on his audience. He said that, instead of scattering Consuls about, there should be appointed to every port commercial agents who should have the privilege of engaging in business. They should be permitted to act as drummers for the manufacturers of the United States. They should have samples sent them and be allowed to sell on commission to merchants of the ports at which they are located. The trouble now was that poorly paid Consuls had no motive in promoting trade, and the merchants and manufacturers had no means of reaching certain foreign markets except by incurring the expense of sending an agent to the places. The commercial agents, as he suggests, should perform all the duties now assigned to Consuls, receive fees therefor, and besides be allowed to engage in business as ordinary merchants.

Wool-Growers Will Vote for Higher Tariff.

COLORADO SPRINGS, Col., Oct. 10.—The Colorado Wool-Growers' Association, in session here, has issued an address to the wool-growers of the country, particularly in the Ohio Valley, urging them to vote for no candidate for Congress or the State Legislatures who is not in favor of restoring the duty of 1867. All wool-growers are called upon to redeem the pledges made at Chicago last June, to ignore party affiliations and support only those who favor such legislation. The address says that, in view of the present depressed state of the wool-growing industry, those engaged in that business should, as a matter of self-preservation, ignore what is largely sentimental in politics and turn their attention to those practical questions upon which depend the prosperity and happiness of themselves and family.

Base-Ball.

Games on Thursday resulted as follows:

National League: At Chicago—Chicago, 19; Philadelphia, 7. At Buffalo—Buffalo, 7; Boston, 7 (called by darkness in the eighth inning). At Cleveland—Cleveland, 11; Providence, 3. At Detroit—New York, 9; Detroit, 5.

American Association: At Pittsburgh—Toledos, 9; Alleghenys, 3. At Richmond—Louisvilles, 10; Virginians, 5. At New York—Metropolitans, 5; Cincinnatis, 1. At Brooklyn—Brooklyns, 12; Indianapolis, 5. At Baltimore—Baltimores, 8; Columbus, 1. At Philadelphia—St. Louis, 6; Athletics, 2.

Heavy Dry-Goods Failure.

PEORIA, Ill., Oct. 10.—Day Bros. & Co., dry-goods, assigned yesterday to William Jack and Leslie D. Puterbaugh. Liabilities, $122,000; assets, $86,000. The assets do not include the stock of goods, which was sold about ten days ago to Charles B. Day, a former partner in the concern, but consists entirely of notes, book accounts, stocks, etc. Deputy United States Marshal Sherman, of Chicago, arrived in the city yesterday to attach the goods and assets of the firm, but was too late, as the assignment had already been concluded.

A Probable Heiress Fined for Drunkenness.

NEW YORK, Oct. 10.—Mary Irene Hoyt, daughter of Jesse Hoyt, whose will she is contesting for $15,000,000, was arraigned in the Yorkville Police Court yesterday morning charged with being drunk and disorderly. She was found guilty and fined ten dollars. Miss Hoyt raised a great disturbance in the New Haven Depot yesterday and assaulted two policemen, using her gold watch and hand-sachel as weapons. She was arrested only after a desperate struggle.

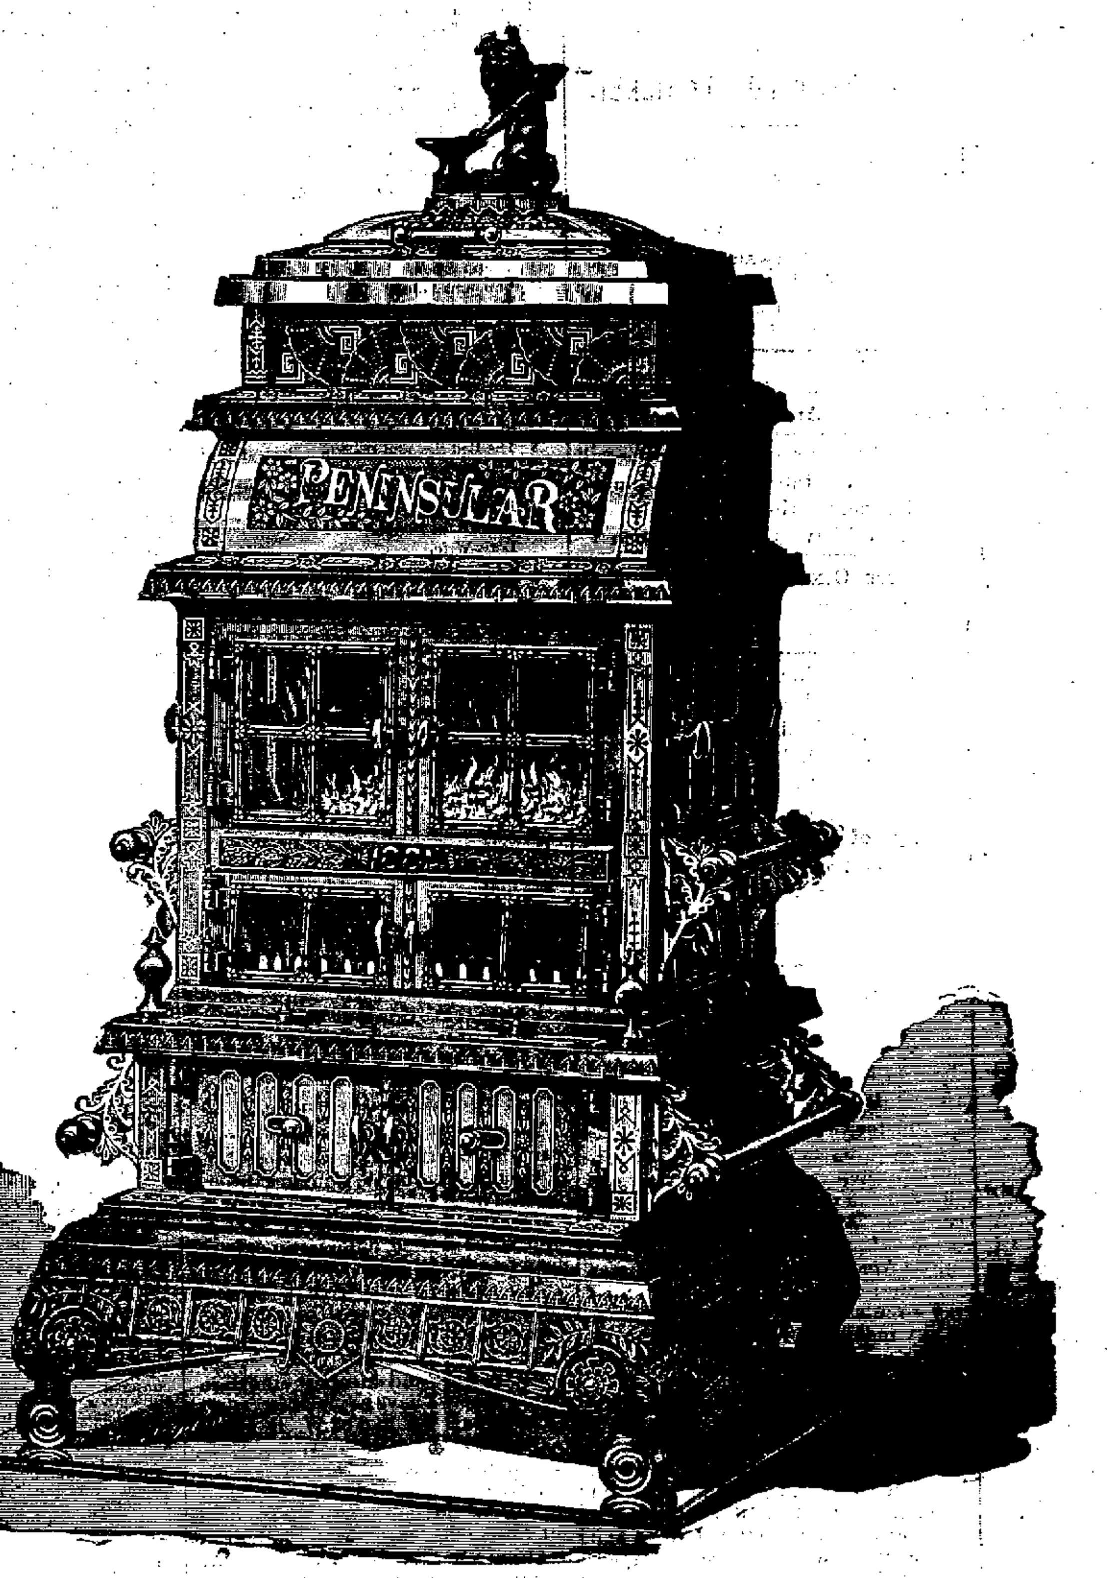

Cutting Rates on the "L" Roads.

NEW YORK, Oct. 10.—The directors have decided to reduce the fares on the elevated railroads on Sundays to five cents, for all hours between 5:30 a. m. and midnight, beginning on Sunday, October 12.

"Does public plunder for public gain, protect American labor?"

HON ED. LYNCH, of Lincoln, will speak at the tabernacle on Monday evening next. He is an able speaker and should have a good audience.

ROSCOE CONKLING says there is no doubt in his mind but that Cleveland will carry the state of New York.

THE grand old party professes to be a party of decency and morality ..., the pharisaical mugwumps roll their eyes in holy horror when any ... indiscretion of a democrat is mentioned. But over in the good county of Champaign where the grand old party is largely in the majority, their candidate for the state senate was tried in the circuit court for rape, half a dozen years ago

OGLESBY'S KNOW-NOTHINGISM.

During Know-Nothing time, in the hazel brush south of this city, Gen. Dick Oglesby had the following oath administered to him:

"You promise that you will not vote for nor give your influence for any office in the gift of the people, unless he be an American born citizen in favor of American born citizens ruling America, nor if he be a Roman Catholic; and that you will not, under any circumstances, expose the name of any member of this order, nor reveal the existence of such an organization.

To all the foregoing you bind yourself, under the no less penalty than that of being expelled from this order and of having your name posted and circulated throughout the different councils of the United States, as a perjurer and as a traitor to God and your country, as not to be employed, entrusted, countenanced or supported in any business transactions, as a person totally unworthy the confidence of all good men and as one at whom the finger of scorn should ever be pointed.

So help you God."

DICK OGLESBY AND THE PENSIONERS.

Gen. Oglesby is now posing as the special friend of the soldiers, although it was a tight squeeze that he got into a G. A. R. Post before the present campaign opened. The records show the valiant "Dick" to have been opposed to the arrears of pension act. This bill was originally introduced into the U. S. senate by Senator Lewis, on the 9th of December, 1874, and was referred to the committee on pensions. [See Cong. Rec. 43d congress, page 28.] Senator Lapham, chairman of this committee, reported back this bill, Jan. 26, 1875, with an adverse recommendation, saying that if it became a law, it would require upwards of $9,000,000 to meet the requisition, of the bill. He said there were doubtless individual cases where it would be eminently proper, yet this was a general bill and "provides for arrears in all cases, a proposition few would consent to. For economic reasons, as well as others, the committee think that a bill of this kind should not be entertained at the present time. I move therefore that the bill be indefinitely postponed." The motion was agreed to. [See Cong. Rec. page 728.] "Dick" was second on this committee. Further, in the republican house of the Forty-third congress, numerous petitions for an arrearages of pension act were received and referred to the pensions committee, but no bill prepared. The house in the Forty-fourth congress was democratic. Its pensions committee formulated a bill, presented it, and in spite of opposition of republicans, passed it. When it went to the republican senate it was defeated. The Forty fifth congress, whose house was democratic, passed another bill in the house and sent it to the senate, where, after great delay, it was passed.

Warrensburg.

Mr. Robert Koontz has returned from Nebraska, and reports good crops, politics at fever heat and prospects of a democratic gain in the vote at the coming presidential election ... .The Odd Fellows will have an oyster supper in the Ritchie building on Tuesday evening next, on which occasion they expect to have a veritable feast of reason and flow of soul ....Dr. Catto has received a beautiful African parrot from Detroit, Michigan. It is quite young yet, but the doctor will devote his leisure moments to teaching it the principles of true democracy and how to express them ....The Cleveland and Hendricks club has purchased fifty green lanterns and will attend and take part in the procession at Niantic on Saturday evening........Miss Laura Dempsey, of this place, went to Decatur to-day........Sixteen of our Warrensburg boys have purchased a set of instruments and organized a brass band. Prof. Nilsson, of Decatur, will be out next week to give them instructions, and put them on the high road to musical fame.

BY THE LIGHT OF DAY.

Past Impossibilities the Facts of the Present—Help in the New Era.

"I remember when they were putting up the poles for the first telegraph line in the State of New York, and now look there!" exclaimed a citizen of the metropolis to his friend, as the two stood on the summit of the tall Equitable building in Broadway. "The city is strung with wires like a harp, and electric communication is the daily miracle of the world. People no longer wonder and laugh at it as they did at Morse when he first suggested its possibility."

The age marches on and prejudice must give way. Nobody has a monopoly of truth. Even the conservative guild of physicians admit that the secrets of medicine are shared by all men. "I dressed his wound, and God healed him," said old Galen. Once that terrible disease, Rheumatism, was supposed to be a shifting, local ailment, now attacking the joints and now the muscles. To-day it is demonstrated to be a disease of the blood.

Mrs. Henry Bogert, of No. 451 Atlantic Avenue, Brooklyn, N. Y., writes to Messrs. Hiscox & Co., of New York, proprietors of Parker's Tonic that "she had been completely disabled from Rheumatism and pain in the back and limbs. She was advised to take the Tonic for Kidney disease. She did so, and her Rheumatism disappeared." The reason is simple. Diseased Kidneys produce rheumatic symptoms. Cure them and you destroy Rheumatism. This is now admitted by all intelligent physicians. It is the new light thrown on their time-worn and mistaken theories.

Parker's Tonic which is a combination of the best remedies for the blood known to science, is universally successful in combating this terribly common complaint. Those who, like Mrs. Bogert, suffer from Kidney or Liver diseases or any complaint arising from impure blood, will find the Tonic a prompt and certain remedy. Prices, 50c and $1 per bottle. The larger size the cheaper

Rev. Father Wilds' EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"78 *E. 54th St., New York, May* 16, 1882.

MESSRS. J. C. AYER & CO., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intensely, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

Ayer's Sarsaparilla

cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all *Scrofulous Diseases, Eruptions of the Skin, Rheumatism, Catarrh, General Debility*, and all disorders resulting from poor or corrupted blood and a low state of the system.

Harry Faith, of Warrensburg, was in the city yesterday and secured fifty green lanterns to be carried by the club of his town. These lights show up very finely in a parade and are becoming quite popular. Mr. A. Manecke, of Cerro Gordo, was also in town and took home about fifty torches.

"My daughter has taken the medicine faithfully, according to directions, and her health and spirits are now perfect. The humor is all gone from her face. I wish every anxious mother might know what a blessing Ayer's Sarsaparilla is in such cases." o7d&w1w

The latest rage in New York is cultivating the few small hairs which sometimes grow on the female upper lip in the form of a moustache. The ambition of the New York girl seems to be to strive for anything that brings her near to a man. When she can't get bugged she will wear a tight corset.

New fall goods just received of the latest designs and will be made in the latest style. Look at the appearance of my coats on the street, and it will convince you of where you ought to get your clothes made, and th t is at James Veale's, the French Cutter from Cork, 142 Prairie street. He does not deny his nationality. s24d 65d

Cherry trees in the vicinity of Bloomington have commenced blossoming for the second time this season. They now present about the same appearance they do in the spring. It is an unusual thing for cherry trees to blossom twice in one season but it sometimes so happens when we have an early spring and a late warm fall.

Hon. Edward Lynch, of Lincoln, will speak at the opera house in this city on Monday evening. Mr. Lynch is a fine speaker, fluent and eloquent, and remarkable for strength of logic and force of diction. Everybody should hear him. The democratic club will meet at headquarters at half past six o'clock, prepared for a street parade prior to the speaking.

The friends of Mr. Bowsman, who lives near Wheatland, gave him a large surprise party on Thursday evening. During the course of the evening amusements, it was suggested that a vote be taken on presidential preferences, and was carried out with the following result: Cleveland, 26; Blaine, 6; St. John, 2; Butler got what the little boy shot at.

Hon. B. S. Prettyman and County Treasurer Thos. Cooper, of Pekin purchased seventy-five handsome caps and presented them to as many young ladies, who marched in the democratic procession Wednesday night. Prettyman has filled out in full uniform a boys' club of 100 members, and now he has taken in the democratic girls' club under his wing

Sufferers from the effects of quinine, used as a remedy for chills and fever, will appreciate Ayer's Ague Cure, a powerful tonic bitter, composed wholly of vegetable substances, without a particle of any noxious drug. Its action is peculiar, prompt, and powerful, breaking up the chill, curing the fever, and expelling the poison from the system, yet leaving no harmful or unpleasant effect upon the patient. o7d&w1w

The Fair and Festival.

The attendance at the Knights of abor festival at the tabernacle last evening, was quite large, and encourages the managers in their belief of its success. Dinner and supper were served yesterday and in the evening all could obtain refreshments that desired them. The ladies in charge of the tables, stands, etc, are very attentive to the wants of their patrons and see that their every want is supplied. The fair will close to night and a number of handsome ar icles will be voted and raffled away. The following are a few of the articles and the candidates:

China tea set, Miss Emma Vroman and Katie Stabler.

Young lady's slippers, Miss Hattie Collins, Miss Hershea and Nellie Smith.

Hanging lamp, Miss Annie Bachman and Ada East.

Lady's gold ring, Miss Estelle Longabaugh and Sylvia Joynt.

Fine lounge, Miss Hattie Moore and Mrs. Edward Saylor.

Fine doll, Miss Jennie Rickets and Laura Abbott.

Fine button shoes, Miss Lulu Mattox and Emma Collins.

Pair of fine shoes, Miss Cora Watson and Minta Bailey.

Doll in pink dress; Miss Lillie Bagley and Hattie Ellison.

The G. A. A. band was present last evening and enlivened the occasion with splendid music. To night the attendance will undoubtedly be large and the voting spirited. Be sure and go.

At the St. Louis fair this week Miss Annie Spurrier of this city took second premium on preserved strawberries and tomato butter. Miss Jennie Taggart, well known here took first premium on tomato butter, second premium on best collection of cherries, strawberries, grapes and plums and second premium on the best display of pickles, sauces and catsup.

Messrs. P. Ruebsamen & Co. will remove their grocery store from South Main street to No. 106 North Water street—the room until lately occupied by Cheap Charley, where they will enlarge their stock, and keep a large and well selected stock of fresh groceries and provisions, and sell at lowest living prices. Highest market price paid for country produce. o11d3t

Mr. Ritscher, father of Adam Ritscher, the elevator man, after residing in this country some ten years took his departure for the father land last Wednesday, his destination being Hesse Darmstadt, near Frankfort on the Rhine. He expects to live there the remainder of his days, but we look for him back here inside of two years, —*Taylorville Democrat.* Ritscher is the father of Mrs. M. L. Vaughn, of this city. She was down to Taylorville a few day ago to bid her aged father a final farewell.

John Rambo, of Oreana, died on Thursday afternoon of congestion of the stomach. He was a member of Friendship Lodge, K. of P., of that town and his funeral which occurred yesterday afternoon from the Union church was conducted by that order. A number of members of Coeur de Leon lodge of this city attended the funeral. The remains were interred in the Union cemetery. Rambo was a young man of excellent standing in the community in which he lived A mother and brother mourns his death. Friendship lodge has only been organized about four months, and Rambo is the first member that has died.

The Monticello Bulletin says the following of the democratic demonstration in that city on Monday evening: "The democratic meeting on Monday night was a much larger one than had been expected on the short notice given. Delegations from Bement, Willow Branch and Goose Creek swelled the crowd to large proportions and the town was astir with bands and torches, making a nice procession The court-yard was filled to overflowing and for two hours Hon. C. C. Clark spoke in a very able and dignified manner on the issues of the day. A large number of republicans were present and gave the speaker earnest and quiet attention."

The Force Soon Throttled.

In a note to us from the west, "J N," gives greetings to his friends in this city. He persists in maintaining the same position, that of no praise whatever is given to him, or personal notices, this all given to his friends—the mysterious force which has destroyed reason and held it in subjection for almost a third of a century will be fully mastered. J. N thinks the people of Decatur can not only now assemble, but in Sullivan, Lincoln, Danville, Champaign, Springfield and all other places where he has been treated so kindly before truth had gained an ascendency over force, vail and error.

Horse Killed.

Minor Brooks had a valuable horse killed last evening as he was driving along in the Fifth ward. A man seated in a road cart was driving towards him at a rapid rate and the shaft of his conveyance struck one of Brooks' horses in the breast, injuring it in such a manner as to cause its death in a few moments. The fellow in the cart hastened on and Mr Brooks was unable to tell who it was The police were notified of the affair

Nat Goodwin Coming.

In "Confusion" Nat Goodwin presents a program illustrating legitimate comedy. There is a refinement in all he does—a quality that vaguely reminds one of the gentleness of Charles Lamb—that indefinable gift, characteristic of true humor, which robs laughter of its coarseness and parody of its sting. It is in this respect that he differs from most comedians, leaving, of course, Joe Jefferson, the father of kindly humor, out of the question. Those who see Nat Goodwin—and this is saying much—are not afterward obliged to apologize to their own common sense nor to try to reconcile themselves with their own good taste. Mr. Goodwin and his superb company will appear in "Confusion" at the opera house on Tuesday evening, October 14. The sale of seats will begin at Curtis & Co.'s on Saturday morning. Tickets can also be had from the Ladies' Aid society of St. John's church. who receive a percentage on all they sell.

THE LABOR CONGRESS.

Third Day of the Convention of the Federated Trade and Labor Organizations.

The First Monday in September to Be Set Apart as a National Holiday for Laborers.

The International Building League to Be Formed—Child Labor Discussed—A Banquet.

THE TOILERS' CONVENTION.

CHICAGO, Oct. 10.—In the Trade and Labor Convention yesterday morning the Committee on Resolutions reported, recommending that the resolution on the limitation of hours of work for women in textile manufactories be referred to the Legislative Committee. Adopted.

A favorable report was made on the resolution looking to the organization of a "Building League" in all cities for the protection of all trades engaged in the building business against imported "scab" labor. An amendment was offered to strike out "building trades" and substitute "all trades." The resolution was finally recommitted to the committee for alteration.

The resolution to establish in every city which has a trades' union a Labor Exchange to take the place of the "snide" intelligence offices now in vogue, was reported upon favorably. A prolonged discussion resulted in its adoption.

On the resolution advocating the abolition of child-labor, and the placing of ten dollars in the hands of each member of a committee of five, to be appointed by the Chair, to carry on the agitation, the committee reported favorably on the subject matter, but declared that the financial condition of the Congress would not permit the expenditure of the money. Adopted after a prolonged debate.

The committee reported on the resolution looking to the abolition of contract convict labor, that it was already incorporated in the declaration of principles, and further action to them seemed unnecessary. The report was adopted.

The "eight-hour" resolution was disposed of on the same grounds that its predecessor had been, and it was referred to the Committee on Standing Order.

When the resolution recommending to President Arthur, August Donath, editor of the *Craftsman*, Washington, D. C., for the position of Chief of the Bureau of Labor Statistics, was returned by the committee without action, a hornet's nest was raised. The sense of the congress was that it would be improper to recommend any one for the place, and accordingly the resolution was not adopted.

Upon the reassembling of the delegates in the afternoon resolutions began to pour in again. After several of these resolutions had been adopted the convention adjourned to give the committees a chance to decrease the work already on their hands. The most important resolution yet offered in the convention was presented by Messrs. Blend, Otten, Levy and Ramsey, and was referred to the Committee on Standing Orders. It was to make the Legislative Committee the legal authority to supervise, approve and regulate all strikes and lockouts; to co-operate with local organizations of the federation and levy assessments upon all organizations under its jurisdiction, not to exceed two cents a week from each member, in aid of men on strike or lockout, if such strike is approved, and to have power to enforce such assessment under penalty of suspension, and also to equally distribute assessments not exceeding three dollars a week to distressed men. The proposed plan, according to the resolution, is to be voted upon by all unions and approved by a two-thirds vote before it becomes a law of the federation.

A resolution by Messrs. Powers and Bernard, asking Congress to pass the Foran bill for the better protection of life and property on the great lakes, was adopted. A resolution of thanks to the Senators and Congressmen who supported the Labor-bureau bill, the Eight-hour bill, and bill to prohibit importation of foreign labor, was passed, and a copy ordered sent to each member of Congress. Similar action was taken in regard to a resolution offered by Mr. Hogan, which requested the United States Senate to take favorable action on the bill now before them prohibiting the importation of foreign labor. Mr. McGinley secured the adoption of a resolution making the first Monday in September of each year a National holiday for labor, and recommending its observance by all wage-workers in the United States irrespective of sex, calling or nationality. Numerous resolutions on the unification of labor and the enactment of laws to secure greater benefits to it were referred to the Committee on Resolutions.

A banquet was tendered the delegates to the Trade and Labor Convention by the Trades Assembly of Chicago at McCoy's Hotel last evening. W. J. Hammond, of New Orleans, responded to the toast, "The Federation of Organized Trades and Labor Unions of the United States and Canada." He said he did not wish to see white slavery substituted for the black slavery of former years, and that was the tendency of capital and monopolies of to-day. "Our country—not too cramped for healthy immigration, but far too small for pauper importation," was responded to by General Martin Beem. Other toasts were as follows:

"The great Northwest, the future workshop as well as the granary of the world," by J. S. Grimmett; "The labor organizations of the United States and Canada. Their motto 'defense, not defiance,'" by Frederick, Evansville, Ind.; "The American mechanic, first in peace, first in war, and first in the arts of his countrymen," response by August Donath, Washington, D. C.; "Arbitration—Right is a tribunal to which even might must bow," G. W. Meikle, Milwaukee; "Chicago, October 9, 1871—Chicago, October 9, 1884," response by A. C. Cameron, Chicago.

DIVINES DISCUSS THE LABOR PROBLEM.

DETROIT, Mich., Oct. 10.—The third day's meeting of the Episcopal Congress was taken up in discussing the topic: "The Confessional." Opinion was divided upon the subject, but the majority of those who spoke favored a confessional which should not be compulsory. In the evening Henry George, of New York, opened the discussion on the subject: "Is Our Civilization Just for Workingmen?" Mr. George said he was certain it was not. He declared that those who worked hardest were poorest, non-workers having the best places. He believed, however, that workingmen were responsible for many wrongs, among others immoral political practices, inasmuch as they commanded legislation. Dr. R. Heber Newton said labor failed to get favorable legislation, while capital got all it asked. Rev. C. R. Baker, of Brooklyn, believed the gains of the world always came from the poor, and he favored a war upon capital.

Fred Adler, of Bloomer, Wis., has failed for $35,000, with assets to reach $50,000. Slow collections and damage by the recent flood caused the assignment.

THE FIRST FROST.

A Visit for Which Many Had Prayed and All Were Prepared—Ice as Thick as Window-Glass.

HENNEPIN, Ill., Oct. 10.—A heavy frost was experienced in this locality Wednesday night. Corn in this section is ripe and in good condition. Some little anxiety was felt during the late wet weather that it might rot or sprout the ears, but all danger from that source seems now averted.

WATERTOWN, Wis., Oct. 10.—The first frost of the season in this section occurred Wednesday night, the mercury reaching freezing point, but the change in weather does no damage to vegetation. Fall pasturage was never in better condition for stock than at the present time.

TOLONO, Ill., Oct. 10.—A cold snap Wednesday night froze all vegetation to the ground, and did serious injury to late corn.

JEFFERSON, Wis., Oct. 10.—The first frost of the season occurred Wednesday night, and it was heavy enough to kill all kinds of vegetation. Ice formed in vessels of water as thick as window-glass. The farmers had prayed for frost, as there was danger from the warm, damp weather that corn would sprout in the shock or become moldy. There is no danger now.

CLINTON, Ill., Oct. 10.—A heavy frost fell in De Witt County Wednesday night. It was the first of the season, but does no damage to corn. The weather of late has been very damp and wet, and in numerous places corn has sprouted, and unless this tendency is checked, the crop will be materially injured.

GRAND-HAVEN, Mich., Oct. 10.—A very heavy frost occurred throughout this section of the country yesterday morning, remaining on the ground until nine o'clock. The minimum temperature registered at the signal office was 35 deg. Grapes and peaches are pretty much all in and safe in the county, and damages by frost can be only very slight in this vicinity.

BURLINGTON, Ia., Oct. 10.—The ground in this section was white with frost yesterday morning, the first of the season. Farmers have been wishing for frost, as they had begun to entertain fears that corn would sprout in the ear by reason of the warm, wet weather which has been prevailing.

LEAVENWORTH, Kan., Oct. 10.—Frost, with hail, snow and sleet, has fallen in sections of Kansas, and cattle men, believing that the Texas fever germ has been destroyed, are preparing to ship beef cattle.

DEMOCRATS IN GOTHAM.

Thirty Thousand Torches Massed in Union Square by the County Clubs and Irving Hall Democrats.

NEW YORK, Oct. 10.—The County Democracy and the Irving Hall Democrats held their mass meeting last night in Union Square. The in-door meeting was held in the Academy of Music and Irving Hall and the out-door meetings on Union Square. A speaker's stand was on each corner of the square. The McClellan stand was on the southeast corner, near the Washington statue; the Seymour stand on the southwest corner, near the Lincoln statue; the Tilden stand on the northwest corner, and the Hancock stand on the northeast corner. By this method the Democracy had torchlight processions marching all over the city, and 30,000 uniformed men were massed around Union Square at one time.

The principal meeting was at the Academy of Music, which was packed. Abram S. Hewitt presided. Speeches were made by ex-Senator Eaton, of Connecticut, and Governor Abbett, of New Jersey. Other meetings were addressed by Elliott Sanford, General Sigel and others.

Yesterday afternoon an immense concourse of people assembled at the corner of Wall, Nassau and Broad streets, around and about the Sub-Treasury steps, composed principally of down-town business men and others attracted by the announcement that the political organizations of the various exchanges were to have a meeting there. The speakers' platform was on the northwest corner of the Sub-Treasury steps, and within one block of Broadway. The stand was decorated with the National colors. Henry M. Stead, President of the Stock Exchange Club, called the meeting to order, and R. P. Flower, the defeated candidate for Governor of New York, presided. Among the speakers were ex-Governor Solomon, of Wisconsin; Algernon S. Sullivan, late Assistant District-Attorney; ex-Lieutenant-Governor Dorsheimer, and ex-Mayor Grace.

The Railway Conductors.

TORONTO, Oct. 10.—The Old Reliable Conductors' Association concluded its session yesterday. Denver, Col., was fixed upon as the next place of meeting. The following officers were elected: President, Ed Morrell, Columbus; First Vice-President, Samuel Defrees, Toronto; Second Vice-President, J. W. Oliver, Chattanooga, Tenn.; Orator, J. F. Lane, Cleveland, O.; Grand Secretary-Treasurer, H. P. Faltrow, Columbus. James Bercher, Columbus, was elected to the Executive Committee for three years, and William Sense, of Columbus, for one year, in place of Morrell.

Caught with Valuable Plunder.

MILWAUKEE, Oct. 10.—The wholesale millinery store of William Swale, 886 Broadway, was raided Wednesday night by burglars and $1,500 worth of silks and satins stolen. Entrance was effected by skeleton keys, and the goods were carried off in grip-sacks. One of two men who effected the burglary was arrested early this morning, and gave the name of John C. Raymond. A Chicago crook a little while ago stole $700 worth of ostrich plumes, and carried them off in the same way.

The Mexican Veterans.

ST. LOUIS, Oct. 10.—At the reunion of the Mexican Veterans yesterday the following officers of the association were elected: President, James W. Denver, of Ohio; Vice President, General M. D. Manson, of Indiana; Secretary, A. M. Kennedy, District of Columbia; Grand Marshal, Colonel Samuel L. McFadden, of Indiana.

Coinage Statistics.

WASHINGTON, Oct. 10.—The Director of the Mint estimates that the amount of gold and silver coin in the United States October 1 was $845,000,000, an increase as compared with October 1, 1883, of $35,000,000. The gold and silver bullion in the mints and assay offices amounts to $58,000,000.

Sullivan "Swears Off."

BOSTON, Oct. 10.—John L. Sullivan, the pugilist, declares that he has forever given up drinking, and will immediately go into training to spar Laffin and others. He will then give some farewell engagements, and make a tour of the British Islands and Australia.

Killed by an Exploding Cannon.

AKRON, O., Oct. 10.—During a Democrat ic meeting at Clinton, in this county, Wednesday night, a cannon exploded, killing Lewi Baker and mangling two others.

If your hair is turning gray, don't use the poisonous dyes which burn out its life and produce many diseases of the scalp. Ayer's Hair Vigor is positively harmless, and will restore the natural color of the hair, stimulate its growth, and bring back its youthful gloss and beauty. d&wlw

A CHAPTER OF HORRORS.

A Powder-Mill at Cumminsville, Ont., Explodes, Killing Four Men and Wounding Two.

The Headless and Nude Body of a Woman Found in a Cistern Near Troy, Ind.

Three Men Overwhelmed by Molten Metal in a Tennessee Blast Furnace—All Die.

A TERRIFIC EXPLOSION.

TORONTO, Can., Oct. 10.—A terrific explosion occurred in the mills of the Hamilton Powder Company at Cumminsville, nine miles from Hamilton, at 12:30 yesterday. Nearly all the men employed in the mills were at dinner when the explosion happened, or else it would have been accompanied with a frightful loss of life, as the buildings were almost totally demolished, and large pieces of timber and parts of heavy machinery were hurled a quarter of a mile from the scene by the force of the explosion. Of the six men who were in the factory at the time four were killed and two badly injured.

The names of those killed are William Murray, Henry Tibbles, George Matthews, all married men with families, and William Hetherington, a single man. The wounded men are Albert Culp, badly burned, and Daniel Dougherty, badly burned, with some limbs broken. There was intense excitement at Hamilton when the news was received there of the explosion. The shock felt at Hamilton from the explosion was quite severe, and it was thought it was the result of an earthquake. There are broken panes of glass in almost every house in Cumminsville. The cause of the explosion is a mystery. The damage will probably be $50,000.

NASHVILLE, Tenn., Oct. 10.—Information of a horrible accident reached the city yesterday from Warner's furnace, in Hickman County. It is a rule to give a signal before tapping the furnace that the blast may be shut off and all get out of danger. The tapper, through neglect, tapped the furnace before the signal was given. Three men standing near were covered by a seething mass of melted iron. Two of the men were burned to death instantly. The other man attempted to get out of the way and waded through melted iron, walking over one hundred yards. The flesh dropped off of all their bodies, leaving the bones almost bare. One lived two hours and then died in great agony. The tapper was also burned fatally. A mule and cart standing near were consumed by the river of melted iron which poured out of the furnace.

TROY, Ind., Oct. 10.—A horrible discovery was made by a small boy on the farm of Peter Bock, near this place, yesterday afternoon. He was playing around the mouth of a newly finished cistern, and, peeping in, discovered the nude body of a woman, with the head severed from the body. He alarmed the neighborhood, and search was made for some clew to the murder. After an hour's hunt the head was found in a clump of bushes a hundred yards or more from the cistern, and a barn near by gave evidence of having been the scene of a terrible struggle. Blood and hair were found all over the floor, but nothing was found to indicate the identity of either murderer or victim.

CLEVELAND, O., Oct. 10.—Franz Vetter, a young German printer, stands an even chance for death or a slow recovery from a most peculiar attempt at self-destruction made Tuesday morning. Vetter, who is twenty-one years of age, was sent by his sister to the woodshed to prepare some kindling. After half an hour's absence he was found in the woodshed with six terrible wounds in his forehead, from which the blood was streaming. He was also suffering from a blow from some dull instrument on the top of the head. Investigation disclosed the fact that he had inflicted the wounds on his forehead with the blade of the ax used in preparing the kindling, and that the blow on the top of the head was from the blunt side of the ax. Vetter has been looked upon for some time past as somewhat demented, and this is the only explanation to be given for the deed.

Mr. Daniel's Acceptance.

BALTIMORE, Md., Oct. 10.—William Daniel, the Prohibition candidate for Vice-President, has issued his formal letter of acceptance of the nomination. It discusses in detail the basis of Prohibition, reviews the growth and extent of the Prohibitory law, shows wherein the sentiment is not utilized, that drink demoralization is on the increase, that officials fail to enforce the law; it speaks of the policy of National and State Governments, gives a method for changing the policy, holds the present parties are opposed to the reformation, and pleads that the presence of the Prohibition party is a necessity.

Campanini and Gerster to Give Concerts in America.

NEW YORK, Oct. 10.—A private cable dispatch was received here yesterday from Signor Italo Campanini stating that Mme. Etelka Gerster and Signor Campanini will shortly sail for America and make a concert tour of the principal cities, extending westward probably to San Francisco. It is understood that the concerts will be under the management of Frederick A. Schwab.

A Condemned Murderer Asks for a New Trial.

WOODSTOCK, Ill., Oct. 10.—Arguments were heard yesterday on a motion for a new trial in the case of James Dacey, who a few days ago was sentenced to be hanged for the murder of Ald. Michael Gaynor, of Chicago. The Court reserved its ruling for consideration of the questions presented.

Bogardus and Dr. Carver Beaten.

NASHVILLE, Tenn., Oct. 10.—In the shooting at the fair grounds yesterday during an entertainment for the benefit of the Porter Rifles Andy Meaders, of this city, beat the record of Dr. Carver and Captain Bogardus, breaking ninety-four clay pigeons at an eighteen-yards rise. The best record heretofore attained was eighty-eight.

Illinois Masons.

CHICAGO, Oct. 10.—The Grand Lodge, A. F. and A. M. of the State of Illinois closed its forty-fifth annual communication in this city yesterday. The standing committees were appointed, the non-elective officers designated and all officers installed. The next session will be held in Chicago the second Tuesday in October, 1885.

Rhode Island Nominations.

PROVIDENCE, R. I., Oct. 10.—The Republicans made the following Congressional nominations: First District, Henry J. Spooner; Second District, William A. Pierce.

With the system permeated by acrid and poisonous substances, the muscles become swollen and the joints stiff and useless. Athlophoros is the great specific for rheumatism and neuralgia, because it corrects this disordered condition of the blood. Mr. A. B. Davenport, of 367 Fulton St., Brooklyn, N. Y., a living witness to the efficacy of the medicine, writes: "I believe your philosophy of the disease to be correct—that it has its origin in the blood—and that your remedy touches those joints and muscles, loosening the nodes which have been brought into subjection to this dreadful disease."
